

RX HIGHLIGHT HIGHBAY

Efficient warehouse lighting at an affordable price.

This LED high bay comes from the same family as one of New Zealand's most popular T5 Highbays, but now with updated LED technology. Featuring top quality Philips components this sets the standard for performance and reliability. Two models are available with 12K or 17.9K lumen packages. These highbays come with a 20mm knockout to easily integrate one of our high bays sensors (REXHC030S), and a five pole terminal block as standard for twin circuit switching. Light weight and easy to install with our easy to adjust suspensions we make installation a breeze. L70 B50 50,000 hrs.
